

Modern Chicken Tractor Familiarization

Tuesday, May 7, 2024 · 10 am–noon
Suffolk, Virginia · **FREE**

Regenerative agriculture empowers farmers to use principles that improve land health. Come explore and experience the animal-soil-plants-human connection and its profound benefits. Learn about paddock rotation using small fowl and the intensive grazing methods offered by a European-style “egg mobile” chicken tractor. We will also discuss usage, design and layout of solar-powered fencing and how to use it effectively to protect your flock.
